I am a **Software Engineer and Full-stack developer (Angular/Laravel)** with the mindset of a **CEO and Founder**. I drive **strategic** product vision, build **scalable** technical architectures, and serve as a certified **Data Analyst** to maximize business value. My expertise lies in leveraging tools like SQL, Oracle, and Grafana to optimize enterprise performance and achieve market-ready solutions

EXPERIENCE

2024 – PRESENT

DEVELOPER, IT DEPARTMENT, GOLIS TELESOM

Build and maintain Angular /Laravel Systems that streamline operations, design MySQL/Oracle schemas to improve accuracy and speed, and deliver Grafana/Prometheus dashboards and resolution time.

2025 – PRESENT

CEO, QABAAL SOFTWARE TECHNOLOGY

I am the "Doer-in-Chief" responsible for all aspects of the company's formation, product-market fit, capital raising, and go-to-market strategy. I lead **Qabaal** through its critical phase, translating a core vision into a scalable, market-ready software solution.

2024 – PRESENT

LECTURER, GOLLIS UNIVERSITY

Deliver CS/IT lectures and labs, design industry-aligned projects and assessments, mentor capstones, and run skills workshops—improving student engagement and job-readiness.

2024 – PRESENT

LECTURER, CITYCOT UNIVERSITY

DELIVER CS/IT LECTURES AND LABS, ASSESSMENTS, MENTOR CAPSTONES, AND RUN SKILLS WORKSHOPS—IMPROVING STUDENT ENGAGEMENT.
